## VISION SERIES: WEEK 2 - (CHURCH FAMILY)

Many people have lots of different ideas as to what the church is meant to look like. But in Ephesians 4, Paul actually gives us the doctrine of the church. He tells us what church life is meant to look like relationally. On two occasions in the text he tells the Ephesian church to seek the “Unity of the Spirit” in v2, and to seek the “Unity of the faith” in v13, until we mature and grow up in our faith. Isn't that fascinating!

This is important for us as a church because we live in a society that is completely un-united. Today more than ever our society is as disconnected and un-relational as it has ever been. As we understand this, one thing is clear. We can see the problems of the community around us, and we actually have the answer to the problem. But are we as a church going to show the solution by modelling what it means to be a real spiritual family or are we going to be a stumbling block to the community around us? The main core of our church must be Unity. Uniting people to Christ as we said last week but also being able to unite people with each other. In this sermon, I am going to show us how our missional objective is being a loving church family without division. And in this we will unveil the plans for our new church name and Vision statement which aligns with the vision of Ephesians 4. Look forward to seeing you there,  
Rev Rob
